

Since being elected as your local member in 2012, I've been tirelessly working to ensure that Tuggeranong is the best it can be.

PHOTO

However, I can't do my job without the help of you, the residents and people of our great area.

This brochure is the start of a conversation, as we pass the half way point towards the 2016 election.

Please contact me if you have any issues or questions that you'd like answered. Together, we can make Tuggeranong the place we all want it to be.

Andrew grew up in the Tuggeranong Valley and believes it is the best place to live and raise a family.

He has spent most of his life living in and around the Tuggeranong valley and spent his school years attending Marist College in Pearce. Andrew comes from a small business background and prior to being elected he worked for 6 years in his family's construction business. He has experienced firsthand, the day to day challenges that face local business.

Andrew believes it is his primary responsibility to focus on the issues that residents expect to be managed well. We all pay a significant amount in rates and charges and it is fair to expect that local facilities and infrastructure are maintained to meet the needs of the community.

HALFWAY REPORT

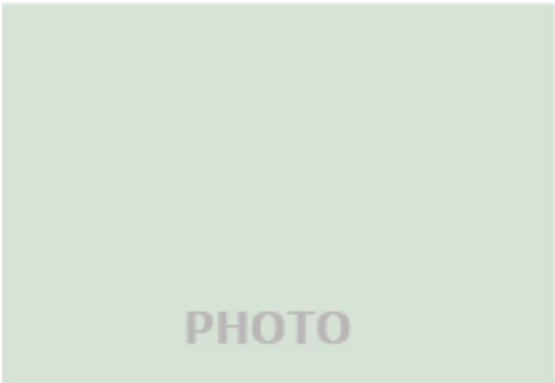

A look at what I have been doing for you

WORKING TOWARDS A BETTER SOUTH FOR ALL OF US

PHOTO

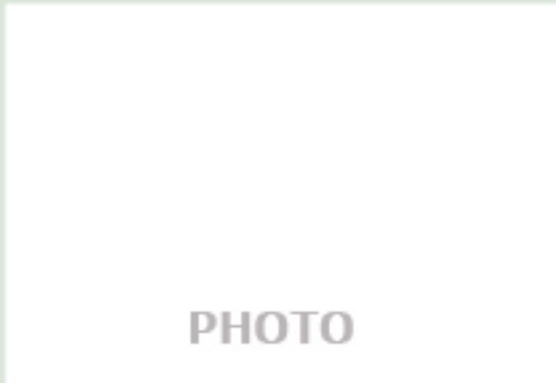

Kingswim Calwell

I was happy to play a small part in helping bring Kingswim to Calwell by assisting in the navigation of the huge amount of red tape that the Greens/Labor Government put in the way of small businesses throughout Canberra. It is great to see the pool open in time for summer, where it is there to be enjoyed by all.

Disability Services

Over the past year, I've been actively pursuing Joy Burch and the ACT Government over their lack of commitment to the families of children with disabilities as services are moved across to the NDIS. After not providing any answers to families for many months, the assurance has been made to families that services will continue.

Your Area

Since being elected as your local member, I've had numerous conversations with local residents about the poor state of the Tuggeranong urban environment. Through these conversations, I've been able to lobby the Government, so that our suburbs are the quality we deserve.
